I have worked in all aspects of theater production. I have studied tap, ballroom and step dance. From ages 6 till age 21, I attended summer camp as a camper and then as a swimming, music and drama counselor. As a camper, I achieved the highest levels in sports, namely tennis, archery, synchronized and regular swimming with Red Cross Certification.

My alumni students are presently leaders in the Arts field. One student is Harp teacher at the Gaelic College in Nova Scotia and has won the highest awards in Celtic Harp competition, another is an Art administrator for The Met in New York City and others have gone on to play for The Portland, Maine Youth Orchestra.
